

A Message from the School Nurse

If your child currently has medication in the nurse's office, the medication must be picked up by an adult, before the school year is completed. Please note that students are NOT allowed to pick up their own medication. If it is an emergency medication such as Epi-pen, Benadryl, inhaler, or diabetes medication, etc., the medication must remain in the nurse's office until the last student day.

Any medication remaining after 12:00 pm on the last student day will be discarded, unless prior arrangements have been made for medication pick-up.

We thank you for your help and cooperation in advance, as we do not wish to discard valuable medication.
