Dear Parents,

As we approach the winter months and the inevitability of a snow day, we wanted to make you aware of how we will be proceeding this year.

When there is a snow day, all students in all grades will have class from 8am-12pm. Teachers will be instructing live during this time. We recognize that many of you have young children who go to day care or a baby sitter. For this reason, the elementary teachers will be recording their lessons so that you can complete the assignment when you get home with your child.

Students in the MS/HS are expected to be up, dressed, and prepared for learning at 8am. The teachers will take attendance each period. If your child is not logged in for class, they will be marked absent for the day and an excuse will need to be turned in when your child returns to school. For elementary, if you are completing assignments in the evening, your child will be marked present the following day.

Students will have assignments and/or homework just like they would on any regular school day. These assignments are due by midnight the night of the snow day. Any assignment not turned in will be marked late and graded accordingly.

For those of you who have children in elementary school, your child's homeroom teacher will reach out to you in regards to supplies for at-home learning and iPads for on-line learning.

It is our hope that by standardizing snow day procedures, you will be able to ensure your child is not only learning, but also has time to enjoy the aspects of a snow day.

If you have any concerns regarding this policy, please feel free to contact the school.
